### PROFESSIONAL EXPERIENCE

#### Intbit technologies, Front End Developer (Contract)

Jan 2024 – Present

- **Scrella Web Application:** Developed both the Vendor and End-User applications using React, TypeScript, Tailwind CSS, and Redux/Redux Toolkit, delivering scalable and responsive interfaces.
- **BillBreeze Web Application:** Contributed to the design and development of the Admin and End-User applications using React, TypeScript, Tailwind CSS, and Redux. Assisted in designing the official BillBreeze website with Next.js, ensuring accessibility and performance optimization.
- **PayGym Web Application:** Designed and developed both the main Web Application and Admin portal, integrating state management and data fetching with React Query. Optimized the website for full mobile responsiveness, enhancing user accessibility across devices.
- **GameX Web Application:** Built and integrated the Admin and End-User applications using React, TypeScript, Tailwind CSS, and React Query, focusing on clean UI/UX and efficient data handling.

**Innovatespace, Front End Developer (intern)****Sept 2022 - Jan 2024**

- Built and deployed a personal portfolio website using React.js to showcase projects and technical skills.
- Gained hands-on experience with Git and GitHub for version control and collaborative workflows.
- Developed a Binance clone web application with React and TypeScript, replicating core UI features.
- Created a mini e-commerce application by fetching product data from an online library API using async/await for asynchronous operations.
- Strengthened front-end development expertise by working extensively with React, TypeScript, and modern JavaScript best practices.

**Tekhub Nigeria Ltd , Front End Developer (IT)****April 2019 - Sept 2019**

- Gained hands-on experience with core web technologies including HTML, CSS, and JavaScript, while also learning the fundamentals of PHP for backend development.
- Supported peers by tutoring fellow students on front-end development concepts, reinforcing collaboration and knowledge sharing.
- Strengthened foundational skills in web development through practical application and mentorship.
